**Booking an Appointment**

**Current Students:**

Confidential and impartial career consultation can be booked with your [Career Coach](#) and will be available within a maximum of 10 working days of your request. If your needs are urgent and a Career Coach is not available, we will make every effort for you to meet another member of the team.

At present, we are offering all appointments online via video call.

During term telephone queries will be dealt with within two – four working days while email queries will be dealt with as efficiently as possible.

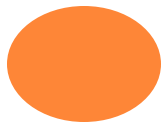

**Graduates:**

TU Dublin graduates can avail of our services up to two years following graduation. We regret due to the demands of current students it may take longer to deal with graduate enquiries.
