Teaching Council

# Teaching Council: Registration

- For each teaching subject the Teaching Council have a list of requirements including the modules you must take as part of your degree.
- It is important to refer to this list when making your module selection

# Applying for a place on a Professional Master of Education (PME)

As part of your PME application, you are required to complete a declaration form for all subjects you are qualified to teach and which you are seeking to have recorded on the Teaching Council's Register of Teachers. Teaching Council regulations stipulate that in addition to holding a Level 8 degree (or equivalent) on the Irish National Framework of Qualifications, you must meet the requirements for at least one post-primary curricular subject. The requirements for all qualifying subjects are set out below.

- Click on the subject(s) of your choice and complete the form online.
- Please ensure that all details on the form are correct, that you hold a Level 8 degree (or equivalent) and the requisite total number of ECTS credits in the relevant subject.
- Print the form, sign it and return it with the other documentation requested to the PME provider(s)\* to which you have applied. **This form should not be returned to the Teaching Council.**

*\*Where applications have been made to the four NUIs or DCU, this form should be returned to the Postgraduate Applications Centre (PAC).*

- Please note the interactive pdfs below are best compatible with the latest version of Internet Explorer and Google Chrome.

## Important Notice

The details provided in the subject declaration(s) will be considered by the PME providers when determining offers of places on the PME. Following completion of the PME, this declaration form(s) will be forwarded to the Teaching Council, who will consider it as part of its verification process to determine your suitability for registration and what subject(s) can be recorded on the Register of Teachers. Any material errors or misleading declarations made on the declaration form(s) may result in withdrawal by the PME provider of (an offer of) a place or any other such action as the PME provider determines appropriate.

## Professional Master of Education Subject Declaration Form

**IMPORTANT**  
This declaration form should be returned to the PME provider(s) to which you have applied at the Postgraduate Applications Centre (PAC) when both submitting your application.

### Accounting

This subject declaration form allows you to declare your degree (post-graduate qualification) of accounting against the Teaching Council's curricular teaching subject requirements. You must meet the requirements for at least one curricular subject in order to be considered for registration as a teacher, having completed your Professional Master of Education (PME).

Candidates must submit a completed online, printed and signed to persons applying to apply to the PME.

You should complete a subject declaration form for each subject for which you are seeking teaching/teacher registration.

The requirements for this subject are set out on page 2.

For details of other curricular subjects click here.

Applicants should note that declarations made on this form will be considered by the PME provider(s) when determining offers of places on the PME. Any material errors or misleading declarations made on this form may result in the withdrawal of the offer of a place or other such action as the PME provider determines appropriate.

If you are offered a place on the PME, and in accordance with the permission granted to you under the Declaration Form will be forwarded to the Teaching Council. The professional standards body, for teaching or related, will consider if you meet the requirements for registration set out in the Teaching Council regulations/requirements.

Should you determine that you are not eligible for registration as a teacher, you will be notified by the Teaching Council and you will not be eligible to apply for a place on the PME. You will not be eligible to register as a teacher and which curricular subject(s) will be recorded on the Register of Teachers.

# Assessment of Post-Primary Qualifications Awarded in Ireland

The requirements for all recognised post-primary subjects can be found in the [subject criteria document](#). This document also includes an indicative list of Recognised Degrees.\*

Where applicants for registration hold qualifications not included on this list, their qualifications must be assessed by the Council. This is to ensure that they are of a comparable standard to those already recognised by the Teaching Council. The process works as follows:

1. The applicant applies for assessment of their qualification on the following [PPQA-01 form](#). Completed application forms must be submitted with original or certified copies of transcripts and course handbooks, proof of identity and other documentary evidence as specified on the form. Applicants should refer to the included checklist to ensure the form is fully completed prior to submission.
2. Teaching Council staff examine the application to ensure that it is complete and that all necessary documentation has been submitted. Where this is not the case, the applicant is contacted and requested to forward any missing documentation or fill in any incomplete sections of the form. Applicants should note the Council cannot process an application where any documentation is outstanding.
3. Once the Council is satisfied that the application is complete, it is referred to an external assessor.
4. The assessor's recommendations are reviewed by the Post-Primary Applications Panel, which can:
  - Endorse the recommendation of the assessor
  - Reject the recommendation of the assessor, or
